

THE CAVALIER ON THE HILL – OR THE CAVALIER ON THE OCEANFRONT?

(If it helps, they both come with a resort.)

Tough choice. The historic **CAVALIER ON THE HILL** is a Virginia Beach landmark, built in 1927 and full of history (Seven U.S. Presidents have slept there.) Then there's the **CAVALIER ON THE OCEANFRONT** with its secluded north end beach away from the strip. The good thing is, either way you'll be surrounded by a fabulous 18-acre resort with restaurants and a lounge, two pools, tennis courts, a gift boutique and a summer kid's program.
